• React Native.

PROFILE

"As a graduate scholar from SLIIT, I am seeking an ideal position to advance my career in the IT sector. I am a proactive individual eager to enhance my knowledge, skills, and abilities by continuously learning and exploring new technologies. With a background in data science, data analysis, business intelligence, and full-stack development, I bring energy and enthusiasm to the team. I am a fast learner with excellent interpersonal and leadership skills, and I value a strong work ethic. My experience in working in a multicultural environment has equipped me with the ability to collaborate effectively with diverse teams."
